

Regulations Regarding the Establishment of the Curriculum Committee of the NTU Department of Physics

Approved at the Department Affairs Meeting, May 28, 1994

Article 1: The Department established the Curriculum Committee based on the NTU regulations on the implementation of required courses.

Article 2: Composition:

The Curriculum Committee is composed of 6 members, whose term lasts 1 academic year, and is elected by the participant members in the Department Affairs Meeting before the end of every academic year. If necessary, the Department Chairman shall participate the meeting of the Curriculum Committee.

Article 3: The Curriculum Committee shall select one convener, who is elected among the 6 elected members at the Department Affairs Meeting.

Article 4: Task

1. The planning of the departmental curriculum
2. The selection of the instructors and teaching assistants for the required and elective courses of the department each semester.
3. The evaluation for every required course as a reference to improve the departmental teaching.

Article 5: The final decision of the Curriculum Committee needs to be approved at the Department Affairs Meeting.

Article 6: The regulations are implemented after being approved at the Department Affairs Meeting and reviewed by NTU.
